COMMITTEE ON LEGISLATIVE RESEARCH OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 0385-12

Bill No.: SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3

Subject: Natural Resources Dept.; Fees, Water Resources and Water Districts;

Environmental Protection

Type: Original Date: May 11, 2011

Bill Summary: This proposal modifies various provisions pertaining to the regulation and

protection of natural resources.

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND				
FUND AFFECTED	FY 2012	FY 2013	FY 2014	
General Revenue	(\$619,514 to Unknown)	(\$685,086 to Unknown)	(\$692,312 to Unknown)	
Total Estimated Net Effect on General Revenue Fund	(\$619,514 to Unknown)	(\$685,086 to Unknown)	(\$692,312 to Unknown)	

ESTIMATED NET EFFECT ON OTHER STATE FUNDS				
FUND AFFECTED	FY 2012	FY 2013	FY 2014	
Water Permit Fees	\$0	\$0	\$0	
State Park Earnings Fund	\$111,196	\$82,868	\$79,400	
Total Estimated Net Effect on <u>Other</u> State Funds	\$111,196	\$82,868	\$79,400	

Numbers within parentheses: () indicate costs or losses.

This fiscal note contains 13 pages.

Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3

Page 2 of 13 May 11, 2011

ESTIMATED NET EFFECT ON FEDERAL FUNDS				
FUND AFFECTED	FY 2012	FY 2013	FY 2014	
Federal Funds	(\$72,432)	(\$79,450)	(\$81,830)	
Total Estimated Net Effect on <u>All</u> Federal Funds	(\$72,432)	(\$79,450)	(\$81,830)	

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)				
FUND AFFECTED	FY 2012	FY 2013	FY 2014	
Federal Funds	1	1	1	
Administrative Hearing Commission	8	8	8	
Total Estimated Net Effect on FTE	9	9	9	

- Estimated Total Net Effect on All funds expected to exceed \$100,000 savings or (cost).
- ☐ Estimated Net Effect on General Revenue Fund expected to exceed \$100,000 (cost).

ESTIMATED NET EFFECT ON LOCAL FUNDS					
FUND AFFECTED FY 2012 FY 2013 FY					
Local Government	Unknown	Unknown	Unknown		

Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Natural Resources** assume Section 644.054.1 of this proposal would extend the existing water permit fee rate structure for wastewater permits imposed under the water pollution statutes until December 31, 2015 (FY 2016). This extension does not affect the department's authority regarding these issues. Based on the number of active permits and the revenue trends seen over the previous two years, this proposal is estimated to generate an estimated \$4.153 million in revenue annually.

Oversight assumes the revenue generated from the proposal will provide the resources needed to administer the program and the net estimated effect of the extension would be \$0.

Officials from the **Department of Agriculture** assume there would be no fiscal impact to their agency.

Officials from the **Department of Elementary and Secondary Education (DESE)** assume there is no anticipated state cost to the foundation formula associated with this proposal. To the extent fine revenues exceed 2004-2005 collections, any increase in this money distributed to school districts increases the deduction in the foundation formula the following year. Therefore the affected districts will see an equal decrease in the amount of funding received through the formula the following year; unless the affected districts are hold-harmless, in which case the districts will not see a decrease in the amount of funding received through the formula (any increase in fine money distributed to the hold-harmless districts will simply be additional money). An increase in the deduction (all other factors remaining constant) reduces the cost to the state of funding the formula.

Section 253.090

Officials from the **Department of Natural Resources (DNR)** assume this proposal authorizes the State Treasurer to deposit all monies in the State Parks Earnings Fund in any of the qualified depositories of the State.

Revenue into the State Parks Earnings (SPE) are derived from privileges, conveniences, concessionaire contracts and/or all money received by gifts, bequests, or contributions from county or municipal resources. Currently, interest received on these funds is deposited into the General Revenue Fund. This proposal allows interest to be maintained in the SPE Fund. No new fees or taxes are being requested under this proposal.

VL:LR:OD (12/02)

L.R. No. 0385-12 Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3 Page 4 of 13 May 11, 2011

ASSUMPTION (continued)

Currently, interest generated from the State Parks Earnings Fund is deposited to General Revenue. This proposal would allow the State Parks Earnings Fund to retain the interest. Assuming an interest rate of 0.5%, and projected revenues and expenditures, projected interest retained is estimated at \$111,000 for FY 2012, \$83,000 for FY 2013 and \$79,000 for FY 2014.

Officials from the **Division of Budget & Planning** defer their response to the Department of Natural Resources.

Sections 621.250, 640.018, 640.116, 640.128, 640.850 & 644.051

Officials from the Missouri House of Representatives, Department of Agriculture, Missouri Senate, and St. Louis County assume no fiscal impact to their agencies.

Officials at the **Office of the Secretary of State** (SOS) many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal not to Secretary of State's office for Administrative Rules is less than \$2,500. The Secretary of State's Office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a give year and that collectively the costs may be in excess of what their office can sustain with their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of advertising the statewide ballot measure related to this proposal within their current appropriation level. If multiple bills pass or if multiple ballot initiatives are validated which require similar advertising at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **Division of Budget & Planning** defer their response to the Departments of Natural Resources, Conservation, Health & Senior Services, Economic Development and Agriculture.

L.R. No. 0385-12 Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3 Page 5 of 13 May 11, 2011

<u>ASSUMPTION</u> (continued)

Section 621.250.2

Officials from the **Office of Administration - Administrative Hearing Commission (AHC)** assume Section 621.250.2 places a deadline of 60 days from the filing of a complaint for the AHC to hold a hearing and issue a recommended decision. This is too short given the high volume and complexity of the cases heard at the AHC.

The Administrative Hearing Commission hears complex cases, including tax and professional licenses cases. By enacting such a short deadline on one type of case, all cases will be affected. The AHC is requesting a Commissioner, two attorneys, a paralegal, two court reporters, and two senior office assistants to meet this deadline. Expenditures include equipment for computers and Westlaw expenses.

Officials from the **Department of Natural Resources (DNR)** assume Section 621.250.2 of this proposal states that within thirty days of any finding, order, or decision for which authority to hear appeals was transferred to the Administrative Hearing Commission (AHC), any party aggrieved or adversely affected by the decision can initiate an appeal by filing a notice of appeal with the AHC. This includes appeals of decisions made by department commissions or by department staff in implementing the provisions of various environmental laws and regulations. Once the notice of appeal is filed with the AHC, the AHC has sixty days to hold a hearing and make a final recommendation on the appeal or to resolve the appeal by another method such as a settlement, consent order, or stipulation.

Section 621.250.3 of the proposal goes on to say that once the AHC has made its final recommendation, the recommendation is sent back to the commission having final authority over the decision. The environmental commission with final authority must issue a final decision within ninety days of the date the notice of appeal was filed with the AHC. Assuming the AHC takes its full sixty days allotted to hold a hearing and issue a recommendation, and the additional fifteen days allotted to the AHC to transmit its recommendation to the originating commission, that leaves the environmental commission with final authority only fifteen days to issue a final decision. Most of the environmental commissions only meet every other month. In order to decide an issue within the ninety day timeframe specified in this proposal, it is assumed special commission meetings could need to be scheduled for the commissions to discuss and decide the appeal. This would involve additional costs and staff time necessary to prepare and conduct a commission meeting, in addition to the regularly scheduled meetings.

Section 621.250.7 of the proposal states that any decisions made by the commissions shall be subject to administrative review before being entered in any court.

L.R. No. 0385-12 Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3 Page 6 of 13 May 11, 2011

ASSUMPTION (continued)

The fiscal impact to implement this proposal is unknown. Costs would be dependent upon the timing of the Administrative Hearing Commissions appeal process and recommendations and the number of appeals.

Officials from the **Division of Budget & Planning** defer their response to the Administrative Hearing Commission.

Section 37.970

Officials from the **Department of Health and Senior Services (DHSS)** assume the requirement that any request for information be interpreted as a Sunshine request could require DHSS to respond to request for information much more timely. The statute requires that any data collected in the course of its duties shall be made available to the public in a timely matter. However it states that this section shall not be construed to limit or exceed the requirements of the provisions in Chapter 610. There is an argument that could be made that this section would apply to all requests, even a request for a birth or death certificate. This would require us to have a response within three working days or face action and fines. This broad interpretation could also include discovery requests, thus speeding up the time a response is needed.

The cost is unknown at this time, as it is impossible to estimate as to which requests this section would apply or and how many such requests are received.

Section 192.1250

Officials from the **Department of Health and Senior Services (DHSS)** assume this proposed section requires DHSS to examine the feasibility of implementing a real-time water quality testing system in the state and report its findings to the general assembly by December 31, 2011. It is not clear as to the intent and definition of a real-time water quality testing system, therefore the fiscal impact is unknown for this section.

Officials from the **Division of Budget & Planning** defer their response to the Department of Health and Senior Services.

Section 701.033.1(5)

Officials from the **Department of Health and Senior Services (DHSS)** assume the proposed language requires DHSS to provide technical assistance, guidance, and oversight regarding the regulation and enforcement of standards for on-site sewage disposal systems upon request or if the department determines that such assistance or oversight is necessary to prevent a violation. DHSS is unable to determine how many requests for technical assistance will develop as a result of this language, therefore the impact for this section is (unknown).

L.R. No. 0385-12 Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3 Page 7 of 13 May 11, 2011

ASSUMPTION (continued)

Officials from the **Division of Budget & Planning** defer their response to the Department of Health & Senior Services.

Sections 253.082, 256.055 & 640.045

Officials from the **Office of Administration - Division of Budget** assume there will be no fiscal impact to their agency.

Officials from the **Department of Natural Resources** assume upon a request from the Director of the Department of Natural Resources, this proposal would authorize the Commissioner of the Office of Administration to provide funds in an amount not to exceed \$500 each to the division directors of State Parks, Geology and Land Survey, or to any other division within the department to be placed in a revolving fund for the purpose of cash transactions involving the sale of items made by the divisions.

Under this proposal, customers entering the central office in Jefferson City to purchase Division of State Parks' state park and historic site souvenirs and gift certificates would have the option of purchasing those items by cash rather than by credit card. Additionally, customers visiting the Jefferson City and Rolla offices of the Department would be able to purchase the Division of Geology and Land Survey's maps, publications, rock sets and other merchandise with cash. Division of State Parks, Division of Geology and Land Survey and the entire Department would be able to handle items sold at special events held throughout the state, including the State Fair, sports shows and conferences of which the Department is requested to be a part. Benefits would be measured by the potential increase in sales or customer traffic.

Officials from the **Office of Administration - Division of Accounting** assume this proposal will create a significant workload, however, their response is no impact. They assume the Division of Information Technology Services response will address the workload needs.

Section 247.060

Officials from the Office of State Courts Administrator, County of St. Louis and the City of Kansas City assume that there is no fiscal impact from this proposal.

No other Cities, Counties or Water Districts responded to **Oversight's** request for fiscal impact.

L.R. No. 0385-12 Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3 Page 8 of 13 May 11, 2011

<u>ASSUMPTION</u> (continued)

Oversight assumes this proposal is discretionary and would have no local fiscal impact without action by the governing body.

Sections 643.020, 643.040, 643.050, 643.060, 643.079, 643.080, 644.145 & 701.058

In response to SB 958, 5021-01 in 2010, officials from the **Department of Natural Resources** assume this proposal would eliminate certain conflicts between state statute and corresponding state and federal regulations. The department would not anticipate a direct fiscal impact from this proposal.

Oversight assumes, as was stated by the Department of Natural Resources in their response, this proposal would eliminate certain conflicts between state statute and corresponding state and federal regulations. **Oversight** assumes there would be no direct fiscal impact from this proposal.

Officials from the **Division of Budget & Planning (BAP)** defer their response to the Department of Natural Resources. However, according to BAP, there should be no effect on 18E calculations or TSR due to this extension.

This proposal contains an emergency clause.

FISCAL IMPACT - Small Business

No additional impact on small business is anticipated. Small businesses that meet the requirements to secure Missouri State Operating Permits for discharge of pollutants into the waters of the state are currently paying these fees, which are now expired as of December 31, 2010.

VL:LR:OD (12/02)

Bill No. SS #2 for SCS for HCS for HB 89 with SA 1, SA 2 & SA 3

Page 11 of 13 May 11, 2011

FISCAL IMPACT - Small Business (continued)

Administrative Hearing Commission (Section 621.250)

This legislation has the potential to have an economic impact on small business as the business may choose to have legal representation before the Administrative Hearings Commission rather than representing themselves during the appeals process. Additionally, the proposed section 621.250.7 provides for the notice of appeal to be accompanied

by a surety bond when the notice is filed by other than the applicant for the permit. A small business filing a notice of appeal, when they are not the applicant for the permit, would bear the cost of the surety bond.

Small business could be impacted by a change in the financial assurance instruments available to them as a result of the change in the appeals process. Small businesses frequently obtain lines of credit with their local banking institution. With Administrative Hearings Commission (AHC) involvement potentially lengthening the timeframe for resolution of appeals past the amount of time for lapsing of financial assurance instruments, the Department would likely cease taking lines of credit as an acceptable form of financial assurance. The initial costs of obtaining surety and other bonds routinely are approximately 10% of the face value of the bond.

FISCAL DESCRIPTION

This proposed legislation modifies various provisions pertaining to the regulation and protection of natural resources.

The commission's authority to charge fees for construction permits, operating permits, and operator's certifications related to water pollution control is extended from December 31, 2010, to December 31, 2015.

The bill contains an emergency clause.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
